

Material Safety Data Sheet

May be used to comply with OSHA's Hazard Communication Standard, 29 CFR 1910.1200. Standard must be consulted for specific requirements.

U.S. Department of Labor

Occupational Safety and Health Administration
(Non-Mandatory Form)
Form Approved
OMB No. 1218-0072

IDENTITY (As used on Label and List)

BENZ-O-STHETIC

Note: Blank spaces are not permitted. If any item is not applicable, or no information is available, the space must be marked to indicate that.

Section I

Manufacturer's Name: Geritrex Corp.	Emergency Telephone Number: (914) 668-4003
Address (Number, Street, City, State, and ZIP Code) 144 Kingsbridge Rd. East Mount Vernon, NY 10550	Telephone Number for Information: (914) 668-4003 Date Prepared: 10/11/04 Signature of Preparer (optional): L.Krishnamurthy

Section II – Hazardous Ingredients/Identity information

Hazardous Components (Specific Chemical Identity; Common Names(s))	OSHA PEL	ACGIH TLV	Other Limits	% (optional) Recommended
--	----------	-----------	--------------	--------------------------

None

Section III – Physical/Chemical Characteristics

Boiling Point:	250° C	Specific Gravity (H2O = 1)	1.017±0.05
Vapor Pressure (mm Hg.)	<0.1	Melting Point:	N/A
Vapor Density (AIR = 1)	>1	Evaporation Rate (Butyl Acetate =1)	N/A

Solubility in Water: Soluble in cold water

Appearance and Odor: Pale yellow colored liquid with cherry odor

Section IV – Fire and Explosion Hazard Data

Flash Point (method Used): No data	Flammable Limits: No data	LEL	UEL
------------------------------------	---------------------------	-----	-----

Extinguishing Media: Water spray, dry chemical, alcohol foam, or carbon dioxide. Water or foam may cause frothing. Do not allow water runoff to enter sewers or waterways.

Special Fire Fighting Procedures: Fire fighters must be bunker gear including NIOSH approved Self-contained Breathing Apparatus

Unusual Fire and Explosion Hazards: Releases toxic vapors when heated above flash point.

Section V – Reactivity Data

Stability:	Unstable:		Conditions to Avoid: Keep away from extreme heat, Flame, sparks, open flames and strongly oxidizing conditions
	Stable: x		

*Incompatibility (Materials to Avoid): Acids, strong oxidizing agents, heat, moisture

Hazardous Decomposition or By products: Carbondioxide, carbonmonoxide, smoke, fumes or unburnt hydrocarbons may form when heated to decomposition.

Hazardous Polymerization:	May Occur:		Conditions to Avoid: N/A
	Will Not Occur: X		

Section VI – Health Hazard Data

Route(s) of Entry: Inhalation? No Skin? No Ingestion? Yes

Health Hazards (Acute and Chronic): Minimal irritation to eyes on short-term exposure. No significant adverse effect on

Exposure to skin .

If swallowed in excess quantities causes dizziness, blurred vision, troubled breathing, nervousness and restlessness.

Carcinogenicity: NTP? Not known IARC Monographs? No OSHA Regulated? No

Signs and Symptoms of Exposure: Possible Irritant to eyes.

Medical Conditions generally aggravated by exposure: Not known

Emergency and First Aid Procedures: Eyes - Flush with large amounts of running water for at least 15 minutes. Get medical

Attention if excessive tearing or redness.

Skin – Wash exposed areas with soap and water and if irritation or tissue damage occurs, seek medical attention.

Ingestion - Securing and maintaining a patent airway, administering 100% oxygen, and instituting assisted or controlled

Respiration as required. In some patients, endotracheal intubation may be required. Call a physician immediately

Section VII – Precaution for Safe Handling and Use

Steps to be Taken in Case Material Is Released or Spilled: Prevent entry into water or sewage. Do not touch the damaged containers without any protective wearing. Stop leak if it can be done without any risk.

For small spills, absorb with dry earth, sand or inert absorbent material.

For larger spills seek clean-up advice from specialists to avoid any damage to physical habitat.

Waste Disposal Method: Dispose in accordance with Federal, state, and local laws and regulations.

Precautions to Be Taken in Handling and Storing:

Keep containers closed and store above freezing temperature. Avoid exposure to direct sunlight or moisture for prolonged time

Other Precautions: Do not store with strong oxidizing agents.

Section VIII – Control Measures

Respiratory Protection (Specify Type): Not necessary under normal conditions

Ventilation:	Local Exhaust: Not necessary	Special: None
	Mechanical (General): None	Other: None

Protective Gloves: None | Eye Protection: None

Other Protective Clothing or Equipment: Normal work clothes

Work/Hygienic Practices: Follow standard practices.
